EXPERIENCE

Walmart Labs

Software Engineer Intern

05/2020 - 07/2020 Bangalore

American subsidiary of Walmart.

- As a part of the DQMM Analytics API team, implemented and integrated a Data Quality Service along with the Analytics API to check for anomalies in the Elasticsearch clusters.
- Tech Stack: Java, Spring, GCP, Elasticsearch, Python, MySQL, Maven, Jetty.

PwC India

Summer Intern

05/2019 - 07/2019 Kolkata

Second largest professional services network in the world.

- Worked on client projects utilizing Computer Vision, Machine Learning and Web Development.
- Tech Stack: Python, OpenCV, Flask, Tesseract.

PROJECTS

Document Processing Engine

05/2019 - 07/2019

A web application built on Flask which identifies the type of document being uploaded (Aadhar, PAN, Voter ID, Invoice) and scans and returns the information present in the various fields of the document.

- Used technologies: Flask, OpenCV, Tesseract and Python.

Game To Debug

10/2018 - 11/2019

Game To Debug is an online visual debugger that lets us track the changes we make in our C++ code and helps us visualize the changing values of the different variables after each line in our code.

- Since competitive coding was a big part of our college lives and at times, it became very difficult to debug our code and visualize the changes, we made an app to assist us.
- Tech Stack used: Python, GDB, HTML/CSS, JavaScript, PHP.

SKILLS

TECHNOLOGIES

Java

Spring MVC

MySQL

Python

Hibernate

JavaScript

HTML

REST

GIT

CSS

OpenCV

Postman

EDUCATION

Birla Institute of Technology, Mesra

B.E. Computer Science and Engineering

07/2017 - 05/2021

Ranchi, India

GPA

8.86 / 10

Carmel Junior College

High School

03/2002 - 03/2017

Jamshedpur, India

GPA

98 / 100

ACHIEVEMENTS

ISC Board Jharkhand State Topper 2017

15th position all over India in HackABit'18, the largest hackathon of Eastern India
